## JAPAN IS READY

But Mental Attitude of the  
Czar Is Uncertain

## TRouble IN RUSSIA FEARED

News from Interior of Empire Today  
Is of the Gravest Character—  
Day's War News.

Washington, April 4—The mental condition of the Czar is the only stumbling block in the way of peace between Russia and Japan. Japan is ready for peace. With her knowledge and consent President Roosevelt has been engaged for some time in the exchange of negotiations with the powers with the object of bringing the war to an end. A prominent official of the United States, indeed so prominent that were his name mentioned it might commit this government to his words, said so this morning. He said both Japan and Russia are anxious for peace. Japan is ready but she wants it on her own terms and has earned that condition. He says the trouble is that there is doubt as to the possibility of binding the Russian government to any agreement. The Czar is so changeable and uncertain that it is doubted whether any government could make a binding engagement with him on any subject.

**MORE TROUBLE IN RUSSIA.**  
London, April 4 (bulletin)—According to today's dispatches, further internal trouble is to be feared in Russia. The dispatches say that news from the interior is of the gravest character. Serious rioting occurred at Warsaw yesterday in which many persons were injured.

**SHOT AT INSPECTOR.**  
Warsaw, April 4—Two shots were fired today at Police Inspector Wancky. The inspector was wounded twice. The would-be assassins made their escape.

**Sailed for Vladivostok.**  
St. Petersburg, April 4.—A letter from Vice Admiral Rojestvensky to his wife, which has just been received here, indicates that the departure of the second Pacific squadron from Madagascar waters is final, and that it is now on the way to Vladivostok. In the letter the admiral wrote that the sailing of the squadron had been fixed for March 19, but, naturally, he avoided mention of the route which it was intended to follow on the voyage eastward. The admiral admitted knowledge of this determination of Vice Admiral Rojestvensky, and stated that no contrary orders had been sent him. It is understood that the rendezvous with Vice Admiral Nebogatoff's division of the Baltic squadron is not contemplated.

**Chinese Suffering.**  
General Oku's Headquarters in the Field, via Fusau, April 4.—There is much suffering among the Chinese in the vicinity of Mukden. Scores of villages were destroyed in the recent fighting, and 100,000 people are homeless and destitute. The Chinese government is now feeding and housing 60,000 refugees at Mukden and also furnishing seed grain. There is little prospect for good crops this season owing to a lack of farm animals and implements. The Japanese are employing thousands of Chinese and paying them liberally.

## BY RUSSIANS

Development in the Moroccan Case  
Watched With Interest—Emperor  
William's Speech.

St. Petersburg, April 4.—The developments resulting from Emperor William's speech at Tanger Friday continue to attract great attention in the press and in diplomatic circles. The sober view is that the German emperor seized the opportunity to read France a lesson for leaving Germany out of consideration in the French-British understanding regarding Morocco, with the view possibly of compelling France to make a permanent renunciation of her aspirations regarding Metz and Alsace-Lorraine, also with the practical purpose of securing a vote in the Reichstag next fall for a large naval program. There is no serious idea that the incident may lead to a conflict.

## DIAMONDS

Worth \$30,000 Sent in a Two Cent  
Letter Through the United  
States Mails.

Denver, Colo., April 4—When the postman called at the Pearl street residence of Mrs. Genevieve Chandler Phipps yesterday she handed him a

small parcel addressed to a New York diamond importer. The postman took it to the postoffice, where a clerk noticed that the string was coming off, and in trying to replace it, he caught the gleam of diamonds. He carried it to his chief and the parcel was opened. It was found to contain a diamond brooch worth \$30,000.

Mrs. Phipps was communicated with but did not accept the advice to register it. The postoffice officials, because of her nonchalance, thought it might be paste, so they summoned a jeweler who made a spot cash offer of \$20,000 for it.

The brooch went east on the afternoon train. It had been sent to Mrs. Phipps for inspection by the New Yorker.

### PRINCE IS IMPROVING.

London, April 4—There is no evidence of alarm over the condition of the Prince of Wales. Physicians say that the operation he underwent was slight and that he is progressing satisfactorily. It is denied that the operation was for cancer.

### NOTED SCULPTOR DEAD.

Brussels, April 4—Constantine Meunier, one of the most original of European sculptors, is dead.

## FRANCHISE AT STAKE

Heavy Vote is Being Pollled in Chicago  
Today—Street Railway Question  
to be Decided.

Chicago, April 4—With the temperature registering about 40 degrees, a cold wind blowing and a cloudy sky, voting in the municipal election began this morning. The early polling was unusually heavy.

Predictions by the party managers remain unchanged today. The Democrats are claiming Dunne will be elected by 50,000 majority and the Republicans are asserting Harlan's triumph by 20,000.

Chicago, April 4.—The municipal election today will in a large measure decide the street railway question, which for the past few years has been the chief issue in all local elections. Street railway franchises estimated to be worth \$200,000,000 are at stake. The question this year has simmered down to immediate municipal ownership under Judge Edward F. Dunne, the Democratic candidate, or a tentative arrangement with the traction companies providing for ultimate municipal ownership under John M. Harlan, the Republican nominee. Both Mr. Harlan and Judge Dunne have made strong campaigns and declare their confidence in being elected at the polls. The Socialist party leaders expect a heavy vote for their ticket.

**St. Louis Election.**  
St. Louis, April 4.—The mayoralty election to be decided at the polls today is the climax of the most stubbornly fought campaign in recent years. The Democrats renominated Mayor Wells, the Republican standard bearer is John A. Talty, and the other two tickets are headed by Lee Mervether, independent public ownership, and W. M. Brandt, Socialist. In addition to the full city ticket the people will be called upon to decide whether the city shall issue \$9,000,000 worth of bonds to be used for public improvements.

**Republicans Sweep Michigan.**  
Detroit, April 4.—Judge Joseph B. Moore of Lapeer, the Republican candidate, was re-elected to the state supreme court by a majority of about 75,000. The Republican candidates for regents of the state university, Arthur Hill of Saginaw and Dr. W. H. Sawyer of Hillsdale, and the Republican candidate for member of the state board of education, W. J. McKone of Calhoun, were also elected by the same majority. The vote was rather light. The weather was rainy throughout the state.

**Lincoln, Neb., April 4.**—Merle O'Brien, 14, shot himself and probably will die. The last words he said were: "I don't want to go to school." The family moved here recently from York county, Neb., in order that the child might go to school. The father of the boy says Merle had been despondent for several days.

**Three Men Blown Up.**  
Bay City, Mich., April 4.—A small tank used for the storage of nitro-glycerin exploded at the dynamite manufacturing plant of H. H. Thomas, three miles northwest of this city. Three men who were in the building that covers the tank were blown to pieces. The cause of the explosion is a mystery.

St. Petersburg, April 4.—An attempt was made last night to assassinate M. Misgale, assistant prefect of police. Another attempt on the life of Governor General Trepoff is reported but not confirmed. Prince Henry of Prussia, who was relieved of his command a fortnight later because his official report was too brief.

## APPLETON FIRE

Is Being Investigated by  
State Officials.

Deputy Fire Marshal Fox Visited  
Scene But He Has Made No  
Report as Yet.

WAS OF UNKNOWN ORIGIN.

Appleton, April 4.—Mr. Fox, a deputy state fire marshal was in Appleton Monday, having come over from Columbus to investigate the fire which destroyed John Elder's store here last January. The building was owned by Mr. James O. Montgomery of Newark and was worth about \$800 upon which Mr. Montgomery carried \$500 insurance.

It is said that the amount of insurance on the Elder stock of goods was \$1000.

The investigation was carried on very quietly and Mr. Fox left town without giving expression to any opinion on the case. It was a mysterious fire and nobody here seems to know how it originated.

Columbus, O., April 4.—When the Advocate inquired at the office of the state fire marshal this afternoon concerning the investigation of the fire in John Elder's store at Appleton, Licking county, no definite information could be given. Mr. Fox who visited Appleton yesterday was not present but other officials said that he had not as yet made his report.

Asked why an investigation was undertaken by the state fire marshal the Advocate was told that the blaze was of unknown origin and that the department investigated it just as it would any similar fire where cause is not clearly defined.

TO SQUARE HIMSELF

Rear Admiral Ouktomyky Asks for a  
Court-martial to Clear Away the  
Charges Against Him.

St. Petersburg, April 4.—Rear Admiral Prince Ouktomyky has asked a trial by public court-martial to clear himself of the charge of being responsible for the losses sustained by the Port Arthur squadron Aug. 10 last. He denies that he gave the order to return to Port Arthur. On the contrary, the admiral maintains that after Rear Admiral Wittoff's death he intended to break through the line of fire and go to Vladivostok. When the Russian battleship Czarevitch became unmanageable, throwing the Russian ships into confusion, Ouktomyky signaled "follow me." Darkness fell while he was straightening out his line, when finding that all the ships except the battleships Pooleys and Poltava had headed back to Port Arthur, he had no alternative but to return himself. Ouktomyky says he was relieved of his command a fortnight later because his official report was too brief.

St. Petersburg, April 4.—An attempt was made last night to assassinate M. Misgale, assistant prefect of police. Another attempt on the life of Governor General Trepoff is reported but not confirmed. Prince Henry of Prussia, who was relieved of his command a fortnight later because his official report was too brief.

## COLLISION

On Pan Handle at Castonia—  
Wreck on Lehigh  
Valley Today.

Toronto, O., April 4—A Pennsylvania passenger train and a freight engine collided this morning at Castonia, near here. Edward Fuller, engineer, and H. Engg, fireman of the passenger train were killed and baggage man McIntyre was badly hurt. The latter lived in Cleveland and the others in Wellsville. The passengers were badly shaken up and some were slightly hurt.

Geneva, N. Y., April 4—Engineer Freer was killed and Fireman Inze was probably fatally hurt early this morning in a wreck on the Lehigh Valley. A passenger train collided with a freight train. Several passengers were slightly injured.

CHADWICK CASE

Before United States Circuit Court of Appeals at Cincinnati—A Stay is Asked.

Cincinnati, O., April 4—Ex-Federal Judge Francis J. Wing of Cleveland, attorney for Mrs. Cassie L. Chadwick, appeared before the United States Court of Appeals today to ask a stay of execution of sentence imposed on the female wizard of finance in the United States District court in Cleveland. U. S. District Attorney Sullivan of Cleveland, was on hand to oppose the motion.

A decision will be rendered tomorrow.

Mrs. Chadwick has heretofore been unable to furnish bond, and Judge Wing was asked if the stay is granted whether she expects to be able to gain her release on bail until the Circuit Court of Appeals passes on her case.

"No, I do not know that she does," was his reply. He added that the stay is asked that Mrs. Chadwick may be kept in Cleveland to testify in the bankruptcy proceedings.

District Attorney Sullivan said that had Mrs. Chadwick been able to furnish bond prior to her trial and conviction there would be little doubt that the stay would be granted and bail fixed now.

The transcript in the Chadwick case is not yet ready but will be filed later.

Berlin, April 4—The Tagblatt says that Sasonoff, the assassin of M. Plehve, Russian minister of the interior, has escaped from prison.

Toyo, April 4—Dispatches from headquarters of the army in Manchuria announce that the Japanese have driven the Russians out of Aishenku, 26 miles north of Kaiyuan, Manchuria. There is no other change in the situation.

A police report was recently received at the government headquarters in Canada from the Herschell Island in the Arctic ocean. It was sent by some 100 men in the North-Western mounted police. They traveled 1,000 miles by sled, 1,000 miles by water and then 3,000 miles by rail. It took over two months for the journey.

## PATHETIC SCENES

At the Illinois Mine Where  
Many are Entombed

FIFTEEN BODIES RECOVERED

Reported Today That State Mine Inspector and Manager Graham are Dead.

Ziegler, Ills., April 4—William Atkinson, state mine inspector, and Manager John Graham, are reported to have died this morning from gas inhaled yesterday while leading rescuing parties into the Leiter mines in an effort to rescue the victims of yesterday's explosion. Fifteen bodies have been recovered and it is believed twenty-five or more yet remain underground today. Several rescuing parties have been driven back.

The most pathetic circumstances attend the horrible catastrophe. Weeping wives and children gather about the stockade in a vain effort to learn that there remains at least a spark of hope for those entombed. The authorities are exercising strict precaution to prevent union men from entering the stockade.

Further Details of Horror.

Benton, Ill., April 4.—The number dead as a result of the explosions of gas in the Leiter mine at Ziegler, Ill., is conservatively estimated at 35, though in the opinion of some the number may exceed 40. Eight miners were injured. The first explosion took place in the air shaft, and was followed by one much greater in the main shaft. There are employed in the mine only 180 men, 120 of whom work in the daytime. Four cages, containing 10 men each, of the day force, had gone into the mine, and were supposedly at the bottom when the accident happened. The explosion wrecked the shaft, blowing out the skids on which the cages were hoisted. Among the dead are James Reburn, engineer; J. P. Flink and Willis Campbell. The other victims were Greeks or Lithuanians, and were known by numbers. The rescuers find it difficult to work owing to the absence of a proper fan top to purify the air in the mine.

All the bodies found except two show no marks of injury, indicating death to have been due to asphyxiation.

One of the steel cages was blown to the surface from the bottom of a 500-foot shaft. The shock of the explosion was felt at Benton, 12 miles northeast of Ziegler. A teamster driving along a road half a mile from the mine was covered with falling cinders, and debris covered the floor of his wagon half an inch deep. One miner was killed and four were severely injured at the mouth of the shaft in which the explosion occurred.

The work of rescue was begun at once by miners who were coming to work at the time. The main shaft was demolished so that rescue work has to be carried on through the air shaft.

In the effort to recover the men five rescuers were overcome by after-damp. The searchers for the men below were

let down by hand. In two instances the man above was nearly overcome by gas. Superintendent Hurd says the number of dead probably will reach 34, and may go to 40. Among the dead is a workman employed in the tipple 40 feet above ground. Three others near him were fatally wounded. The work of rescue is in charge of Evan John, superintendent of the Manufacturers' Fuel company and formerly state mine inspector.

A committee of union miners from Duquoin and other neighboring mining towns, headed by District Morris, hastened to Ziegler soon after the explosion occurred and offered their aid. The bodies of the dead men are so blackened that they can not at once be identified. Rolly Campbell is an injured miner brought out of the shaft, and it is said that he can not live. Campbell is conscious, but he is unable to give any explanation of the accident. C. E. Childers, a striking Ziegler miner, last October predicted in a printed article that an explosion was likely to occur on account of what he termed improper ventilation of the shafts. There was much excitement among the miners when the accident became known, because there had been a strike of long duration and many conflicts have occurred between strikers and nonunion miners. An investigation tends to show that the explosion was due to the accidental explosion of accumulated gas.

## CONTENTION

Of Smith is That Requisition Was not Issued Properly—Herrick Didn't Sign Paper.

(bulletin)

New York, April 4—District Attorney Jerome said this morning that if there was any delay in the extradition proceedings in Cincinnati of J. Morgan Smith and wife, the trial of Nan Patterson would not go on April 10 as scheduled. He said incriminating letters taken from the trunk of Mrs. Smith by detective Aiken, reached Assistant District Attorney Rand this morning by mail.

Cincinnati, April 4—J. Morgan Smith and wife were taken to police court today to plead to the charge of being fugitives from justice. Attorney Shay, for the defendants, secured a continuance until Friday.

Cincinnati, April 4—Proceedings in court here indicate that the contest of Mr. and Mrs. J. Morgan Smith against extradition and the fight against the New York detectives will both go hand in hand. This fact was indicated by the proceedings in court.

Attorney Shay for the defense asked for time to prepare an answer. The court granted till Wednesday, when the habeas corpus proceedings will be disposed of. Mr. Shay was afterwards asked what he intended to do about the letters of the Smiths that were taken by the detectives and sent to New York. He replied that action would be taken against these officers. The point of the defendants' contention is that the requisition papers were not issued by Governor Herrick but by a clerk; and that the issue of papers of extradition is an executive prerogative which can not be delegated. When the papers were issued Governor Herrick and his party were in Texas. He had left with his executive clerk a number of forms of extradition papers signed in blank. It was one of these blanks that was duly filled out for the return of the Smiths to New York.

## DRANK POISON

Because They Couldn't Live Without "Him"—Two of a Kind in Two States.

George town, Ky., April 4—Mrs. Maggie Bates of Kincard, Ky., aged 22, daughter of J. N. McLanahan, leaving the dinner table, went into the next room and drank carbolic acid, crying out "Good-bye," to her relatives. She died in 10 minutes.

Mrs. Bates had been in good spirits and bought silk for a new dress. She married Walter Bates six years ago, but was divorced immediately after the honeymoon.

A letter left by the suicide explains that she was unable to live without Eddie Hambrick. Hambrick, widower of prominent family, called on her Sunday night. She leaves a four year old son.

## Fishing at Buckeye Lake.

The latest fish story and one which was substantiated by the evidence, comes from E. S. Montell, who lives at the Norwich. At Buckeye Lake on Sunday, Mr. Montell landed four black bass with a "flip-jack," the bass aggregating 11 pounds in weight. The largest, one of the largest fish ever taken from Licking reservoir, weighed five and a quarter pounds. Mr. Montell preserved the head of this gamester and will have it mounted as a trophy of his good luck. The mouth, wide open, is of sufficient size to allow a body as big as that possessed by the fish, to pass through.—Columbus Dispatch.

## Inspection of Warren Chapter.

Warren Chapter, No. 6, R. A. M., was inspected on Monday night by E. H. Archer, of Columbus. There was a large attendance of the members of the Chapter, together with quite a number of visitors. The Royal Arch degree was conferred in fine style, which elicited the praise of all present. At the conclusion of the work Brother Archer complimented the Chapter on the manner in which the work was exemplified for the manner in which the books and records of the Chapter were kept, and for the excellent condition of the Chapter in general. All then partook of a sumptuous banquet. Among those who were present

### RAILWAY RUMBLERS

BIG FOUR COMPANY IS TO HAVE A CHICAGO-ST. LOUIS LINE.

Shops at Waycross, Ga., Burn With \$50,000 Loss—Local and General News Items.

Chicago, April 4.—The Cleveland, Cincinnati, Chicago and St. Louis railroad, the "Big Four," is to have a direct Chicago-St. Louis line. Plans have now been completed, the surveys have been made, and it is understood the right of way has been purchased, so that work will begin within a few weeks. The new line is to be built from Danville straight through to Indiana Harbor, crossing the Indianapolis line at St. Anne. By taking this route the Big Four will parallel the tracks of the Eastern Illinois from Danville to Chicago. From Indiana Harbor the road will use the tracks of the Lake Shore and Michigan Southern, entering the Van Buren street station in Chicago instead of the Illinois Central as now. The cut-off will be 125 miles long.

Railroad Shops Burn.

Waycross, Ga., April 4.—The Atlantic and Birmingham railroad shops were burned here. Loss, \$50,000. The machine shops, general storekeeper's office and \$30,000 worth of stores, besides 20 freight cars and seven or eight passenger coaches, were destroyed.

Reporting to Supt. Irwin.

Superintendent J. F. Irwin is now in full charge of the local divisions of the B. & O. running out of Newark. Representatives of the accounting department at Baltimore were in Newark Monday and made the formal transfer of accounts from the former superintendent, F. C. Batchelder to Supt. Irwin.

Double Track for C. L. & W.

St. Clairsville, O., April 4.—An important piece of double track was cut in Saturday on the C. L. & W. division of the Baltimore & Ohio railroad from St. Clairsville Junction to a point below Barton. This will complete about all of the second track to be put down between here and Halloway, which is about twenty miles.

The B. & O. is having the old rails on the C. L. & W. track, from Barton to Fairpoint, replaced with 55 pound rails. A force of men was put to work relaying the rails Saturday.

Engine Movements.

The following engines were transferred to the Wheeling division from the Newark division: 2247, 2257, 2201, and 2208.

Engines 508 and 2244 were received from the Wheeling division for repairs in the local shop.

Engines 1118 and 726 have been turned out of the shop after receiving heavy repairs.

Repairs on engines 1934 and 2255 have been completed and the engines are ready for road service.

New Cure for Cancer.

All surface cancers are now known to be curable, by Bucklen's Arnica Salve. Jas. Walters, of Duffield, Va., writes: "I had a cancer on my lip for years, that seemed incurable, till Bucklen's Arnica Salve healed it, and now it is perfectly well. Guaranteed cure for cuts and burns, 25c at Hall's drug store.

### WRITING EXPERT

Who Testified in Lingafelter Trials Receives \$160 for Services—His Bill Cut Down.

The County Commissioners have considered the bills of W. G. Pengally of Columbus, expert witness in writing, who testified at the trials of Robert J. Lingafelter and James F. Lingafelter at Mt. Vernon. Pengally's total bill amounted to \$421.60, \$316.40 in the case of Robert J. Lingafelter and \$105.25 in the case of Jas. F. Lingafelter. Pengally claimed six days attendance at the trial of Robert J. Lingafelter, and two days attendance at the trial of James F. Lingafelter, but the court certified that he was in attendance only two days at each case. The commissioners allowed him \$160.00, making a cut of \$261.60.

On March 24 the paper printed Miss Lederer's picture and Tuesday morning Miss Lederer received a letter from Mrs. Rosa Woodruff, of Bradford, Ky., stating that the writer had seen Miss Lederer's picture in the newspaper, and was attracted by the similarity of names—the name of the writer's father being Chris Lederer, who came to this country from Germany about 50 years ago. Mrs. Woodruff has requested Miss Lederer to send her picture to her.

### EUROPEAN TRIP

NEWARK GIRLS IN CONTEST OF CINCINNATI PAPER.

Five Candidates in This District and the Newark Contestants are Now Ahead.

A Cincinnati newspaper has a circulation scheme by which it provides 50 trips to Europe to the fifty most popular candidates receiving the greatest number of votes. In the contest the state is divided into 38 districts. Licking county is in the district composed of Perry, Noble, Muskingum, Morgan, Guernsey, Fairfield and Pickaway. There are five contestants for the prize in this district. Miss Grace E. Williams, the well known school teacher of Newark, is one of the contestants in this county, with a vote of 16,808 to her credit. Miss Bertha Lederer, who is book-keeper for the Henry Sayre Plumbing establishment is another contestant, with a vote of 14,099 to her credit. The Newark contestants are ahead in this district. The trip across the Atlantic will be made on the new twin screw express S. S. Caledonia. From New York until the return will consume five weeks. The steamer will leave New York on Saturday, July 1. It is needless to say, that the contest is waxing very warm.

On March 24 the paper printed Miss Lederer's picture and Tuesday morning Miss Lederer received a letter from Mrs. Rosa Woodruff, of Bradford, Ky., stating that the writer had seen Miss Lederer's picture in the newspaper, and was attracted by the similarity of names—the name of the writer's father being Chris Lederer, who came to this country from Germany about 50 years ago. ## REFUSED LIFE INSURANCE

I Was Afterward Cured by Thompson's Barosma, Kidney and Liver Cure.

I had been confined to the house with kidney complaint for seven weeks and was most of the time in bed. Some time before I had been refused life insurance, as I was told I could not live many months. I began taking Thompson's Barosma, Kidney and Liver Cure, and I am happy to make the statement, which my wife will affirm, that five bottles of Barosma completely cured me. Also I refer to any of my neighbors as to the above facts.—ORSON HOPKINS, Townsville, Pa.

Thompson's Barosma works like magic—a strong statement, but one borne out by thousands of authentic testimonials. Thompson's Barosma 50c. and \$1.00.

## IN THE COURTS

## WATER WORKS CASE IS SET FOR HEARING APRIL 13.

Adams-Rusler Suit on Trial Today—Fees Allowed Writing Expert in Lingafelter Trials.

In the case of Charles Vadakin, etc. vs. A. J. Crilly, etc., et al (Water Works injunction suit) the Circuit court set the case down for hearing a week from next Thursday, April 13. It was announced by counsel for plaintiff that they desired to take certain depositions for use at the hearing.

The case of Fanny L. Adams vs. H. B. Rusler et al, is on trial to the court today. The action grows out of a chattel mortgage on a quantity of hay, etc. Hunter & Hunter, Jones & Jones; Kibler & Kibler.

The bond for the appeal was perfected Tuesday afternoon.

Licking County Case Dismissed. Columbus, O., April 4—In Supreme court today the Licking county case of Timothy O. Donovan vs. Emma M. Kuslinger was dismissed by consent at the plaintiff's costs.

Alimony Allowed. In the case of Lizzie DeWalt against Oliver DeWalt, suit for alimony, the Probate court granted the plaintiff \$15 per month.

John Burge's Estate. James S. Orr, as executor of the will of John Burge, deceased, has commenced suit in Common Pleas court against Parker E. Burge and others. Plaintiff says that the estate of the testator is not settled and that on March 25, 1905, P. E. Burge, one of the legatees named in the will, requested him to bring an action in court against the legatees under the will, and the heirs-at-law of the testator, asking the direction and judgment of the court regarding a number of items in the will. Plaintiff therefore asks the court to find and determine how said residue is to be distributed, and especially find and determine the rights and interests that would have accrued to Lucinda G. Montgomery, had she been living, and now that she has departed this life before any part of this residue has been distributed, who will succeed to her rights under items 6 and 7 of the will. The plaintiff asks for full and complete direction as to how he shall proceed to carry out the provisions of items 6 and 7 of the will.

In the case of Howard F. Hildibrand vs. John Lippincott the defendant has filed a motion to dissolve the injunction heretofore allowed for the following reasons:

First, that the petition does not show facts entitling the plaintiff to an injunction.

Second, that the plaintiff has a legal remedy for all matters and things of which they complain.

Third, the allegations contained in the petition are not true.

Fourth, other reasons.

Smythe & Smythe, attorneys for the defendant.

## Action for Divorce.

John F. Neff, by his attorneys, Kibler & Kibler and Hunter & Hunter, has commenced suit in the Probate court for divorce from his wife, Elvina M. Neff. The parties were married May 23, 1900, and no children were born of the marriage. For cause of action the plaintiff charges his wife with abandonment and gross neglect of duty.

## Final Account Filed.

F. M. Swartz, guardian of William Vanarsdale, has filed his final account.

## Peace Warrant.

A peace warrant was sworn out in Squire Lake's court Tuesday morning by Stella Howell against George Itoesel. The case was heard Tuesday afternoon.

At the funeral in Cincinnati of Mrs. Johanna Hickey the rare spectacle was afforded of her five sons, all priests, officiating at the church services. Four sons bore the casket to the hearse.

Mrs. Elizabeth Cass Goddard has been appointed a deputy sheriff at El Paso county, Col. She is the only woman occupying such an office in Colorado. She has the full powers of the office.

Postage rates are becoming one of the burning questions in Italy, where they are the highest in Europe and the circulation of letters and postcards, by consequence, the lowest. The lowest postage for any letter is 4 cents and for a post card about 3 cents.

There have been sent to the navy yard, Boston, for testing, several samples of a new kind of chain in which the links are made of thin steel and molded without welding. It is believed that this weldless chain is stronger than the other chains now in use in the navy, and if the tests prove this it will probably be generally adopted for use by the bureau of equipment.

The Board of Education met in regular session on Monday night with Messrs. Beggs, Christian, Fulton, Haight, Keckley and Kellar, present, with President Beggs in the chair.

The following bills were read by the clerk and allowed:

The A. L. Norton Co., putting in shades in the Indiana street and West Newark buildings, \$62 67

Elliott &amp; Wilson, hardware supplies, 10 10

Licking County Bank, express charges on bonds to Cleveland, 6 25

Wm. E. Painter, advancement for supplies and work, 10 60

W. W. Connell, hauling cinders to Maholm street building, 5 25

E. R. Evans, work in removing seats and glazing at Mill street building, 3 50

A. J. Nyston &amp; Co., seven mounted mays, 16 50

George Kates, supplies, 1 50

The Huffman-Comklin company of Columbus, presented their bond of \$500 to release said sum now held by the Board as a guarantee on the heating plants installed in West Newark and Indiana street schools. It was a surety bond from Indianapolis, and was rejected by the Board.

The contract with W. W. Bope &amp; Son for the erection of the Woodsid school building was presented to the board and the board and clerk were authorized to sign the same on behalf of the board.

The bond presented by W. W. Bope &amp; Son to secure the faithful performance on their part of the contract, was referred to the finance committee for investigation of the financial responsibility of the bondsmen.

A number of representatives of brick manufacturers appeared before the board with samples of brick for the new Woodsid school building, but no choice was made and the matter was deferred until the next meeting.

## LOCAL GAS FIELD

Territory Now Has Diameter of Twenty Miles

## LEASES BRINGING \$5 AN ACRE

Farmers of Licking and Knox County Reaping Benefit of Development of the Land.

Utica, O., April 4—The Licking-Knox county gas and oil field is growing steadily bigger and better. Taking Utica as a central point, the gas area now extends to the southwest as far as the Mount well, near Alexandria, about ten miles distant, to Brandon between eight and nine miles northwest of Utica, to Bladensburg, ten miles east. Then there is the large tract held by the Wehrle company near Newark, upon which two good wells have been drilled.

When the first wells were drilled a few years ago land was leased for 50 cents an acre, but \$5 an acre was paid a few days ago for new territory and at a more distant point where no wells had been drilled from \$3 to \$50 was paid.

Roughly stated, the gas territory now has a diameter of twenty miles. A man well versed in the business done by the several gas companies operating in this field said to the Advocate this morning that he believes about 400 square miles of territory are under lease and that the average price is about \$3 per acre. This would indicate that about three-quarters of a million dollars are paid out annually in the gas territory for leases.

Possibly the \$3 figure is too high, but call it \$2 to be safe. This shows over a half million dollars paid a year for the privilege of drilling holes on their land.

In some instances much higher rates are paid for leases. A local company is paying \$240 a year for a single acre and another pays \$20 an acre for a ten acre patch.

Utica has so much gas that she is offering a rate of 4 cents to factories and the prospect seems good for securing two additional industries soon. The four cent rate is good for three years but after that date the rate will be five cents.

HAPPY WOMEN.

Plenty of Them in Newark, and Good Reason for It.

Wouldn't any woman be happy, After years of backache suffering, Days of misery, nights of unrest, The distress of urinary troubles. She finds relief and cure?

No reason why any Newark reader Should suffer in the face of evidence like this:

Mrs. Mary E. Manville, of 24 South 4th St., Newark, O., says: "Doan's Kidney Pills are the best thing I know of for rheumatic troubles. I got more relief out of one box than from all the other remedies I have ever used. I had suffered a great deal from rheumatism in my loins and back. It caught me first in one place and then in another, but was always present somewhere. Nothing seemed to give any relief until I got Doan's Kidney Pills at Crayton's drug store. Apparently they drove all the rheumatism out of my system for I have never had a return of the trouble and that was over five years ago. My husband has also used Doan's Kidney Pills with good results."

For sale by A. J. Griggs. Price 50 cents. Foster-Milburn Co., 1111 Broadway, N. Y., sole agents for the United States.

Remember the name—Doan's—and take no other. 14

Spring Term Opens.

Granville, O., April 4—The spring term of Denison university began at Granville today. The day was taken up principally in the enrollment of the students, and the attendance promises to be unusually large. Much regret, of course, is felt over the recent loss by fire of the handsome Barney Science Hall. But it is thought that the trustees of the college will take immediate action for the rebuilding and refitting of the hall—if possible in time for the school year next September. A meeting of the building committee will be held here tonight, at which Mr. E. J. Barney will be present to take action in the matter.

## LOCUST PAVING

IS REFERRED TO COMMITTEE ON PUBLIC SERVICE.

Mayor A. J. Crilly Reports \$287 Collected—The Hospital Proposition. Council Meeting.

At the regular meeting of the city council Monday night, the resolution to improve Locust street from Eighth street to Fourth was a signal for much comment from various members of the council regarding the resolution. After the reading of the resolution by the clerk, a motion was made to refer the matter to the committee on public service. Mr. Flory, one of the residents of Locust street, requested that the matter be attended to promptly. He feared that the reference of the matter to the public service committee would delay and probably kill the matter entirely.

Several members of the council spoke on the subject and an old action of the council was brought up. It seems that the paving proposition was considered some time ago and that after an investigation the mayor vetoed the ordinance to pave the street for the reason that the city would have to stand nearly half of the expense. The motion to refer the matter to the public service committee was carried, Jones and Moser voting against the motion.

Mayor Crilly made his report to the council for the month of March. The sum of \$287 was received for fines and licenses. The Trades Council in a letter to the city council thanked that body for their prompt action in the city hospital proposition and expressed themselves in favor of the old cemetery as a suitable site for the building. A similar communication was received from the sheet metal workers.

The committee on public service recommended that the board of public service grant Mrs. Charles Palmer the privilege to tap the North Fourth street sewer provided she pay the assessment should a sewer ever be constructed on Wallace street. The report was adopted.

Councilman Moser presented a petition to the council from fifteen taxpayers on Fulton avenue, asking that the street be graded and gravelled and sidewalks constructed. The petition stated that the grade of Main street was higher than Fulton avenue, which allowed the water from Main street to run down the avenue. Mr. Moser stated that several of the property owners have threatened to bring suit against the city unless the matter was remedied at once. Another petition was presented by Mr. Moser in which the residents of West Main street ask for the removal of a bill board on the south side of the street, between Seventh street and the soap factory. Both petitions were referred to the law committee.

A resolution was adopted to pave Stansbury street from Locust street to the third alley running west.

The law committee's report on the hospital matter asked Mr. Donovan to present his proposition to the city in writing when it could be given the proper attention.

The regular meeting of Myrtle Lodge No. 350, I. O. O. F., of this place was held on Monday evening. There was an unusually large attendance of the members, and much interest is being manifested in the work. At the meeting on Monday night considerable business of importance was transacted, among which was the conferring of the first degree. At the meeting on next Monday night there will be work in the second degree, and it is hoped that as many of the members as possible will be present.

The regular meeting of Altamaha Lodge, Knights of Pythias, will be held on Wednesday evening, when it is hoped that there will be a large attendance, as work will be on hand.

The regular meeting of Father John's Medicine, Knights of Pythias, will be held on Wednesday evening, when it is hoped that there will be a large attendance, as work will be on hand.

The receipts for the Newark post office for the month of March, 1905, were as follows:

Envelopes ..... \$ 713.27  
Stamps ..... 2,660.25  
Postal cards ..... 183.00  
Stamps books ..... 149.62Total ..... \$3,711.14  
This shows an increase of 15 per cent over the month of February, 1905, and 13 per cent increase over the month of March 1904.

The receipts for the four quarters of the fiscal year were as follows:

June ..... \$ 8,341.91  
September ..... 8,067.63  
December ..... 10,234.66  
March ..... 11,096.83Total ..... \$37,881.08  
The above amount entitles the postmaster of the Newark post office to an increase in his salary of \$100 per year, as it only requires receipts to the amount of \$40,000 per year to make it a first class office. It is now only short that amount by \$2,208.91 a year.

Postmaster Geo. D. Heisley will take charge of the office within a few days. Mr. Heisley is now receiving numerous applications for positions in the office.
